Refugee Organizing in Action Network Directory

July 2010

This directory identifies refugee/immigrant-led organizations in Georgia who have given their consent to disseminate contact information that they have provided.

The Refugee Organizing in Action (ROA) Network, a Refugee Family Services project supported by the Office of Refugee Resettlement and the Catholic Campaign for Human Development (Atlanta), is a partnership of refugee and immigrant community-based organizations, their leaders and members. The working mission is to create a collaborative network that will increase resources and access to information, build stronger organizations, and advocate for policies that support the successful integration of newcomers and the metro-Atlanta community.
